

GREEK PANORAMA PAINTING HOLIDAY

Zakynthos, Spring 2011

Dear Artists,

You are invited to join CHRIS FORSEY and SUSIE HUNT on the 10th anniversary of their painting holidays on the island of Zakynthos.

With experience gained from 10 years of tutoring on the island in all water-based painting media, we can guide you through painting techniques and approaches to capture the qualities of this beautiful island, and encourage you to have fun and explore new directions in your art.

We are both representational, contemporary painters. Chris has painted professionally for 30 years in water-colour, acrylic and mixed-media; Susie is very experienced in watercolour and mixed media, and both of us run our own painting courses in the UK. We are happy to work with all ability levels, offering advice and guidance to help you get the most from your painting holiday.

Non-painting partners are also welcome. The island has fine dramatic scenery: walking, bird watching and the enjoyment of Mediterranean flora are to be recommended, as well as relaxing, swimming etc. Car and cycle hire is available locally for further exploration of the island.

Details of the holiday

The place...The holiday is based at the northern, quieter end of the island. The apartments are a ten minute walk to Aghios Nikolaos, a small, sleepy port with tavernas, a beach and a harbour with bobbing fishing boats and a ferry connection to Kefalonia. The nearest town is Volimes. There is lots to paint on the island and we will take you to our favourite locations and help you to get the best from your painting holiday.

The accommodation...We will be staying at Panoramic Apartments, owned and run by Mimi and his wife Rula. We have stayed with them many times before and recommend their friendliness and hospitality. All rooms are double with twin beds: simple but comfortably furnished. The terrace has fine views to the sea and harbour and breakfast is served under

the bougainvillea. Evening meals will be taken at local tavernas.
